I FIRST applied for relief of Dr. Stone, of New Orleans; from thence I went to a distinguished Surgeon in the city of New York, who operated upon me, with the knife, for the moderate sum of one hundred and fifty dollars; but when I arrived in Louisville, Ky., on my way home, it broke out again, worse than ever, numbering some eight orifices, and my health rapidly declining. I then visited a distinguished Surgeon of Lexington, who, after examining my cise, refused to treat it. I was then advised to call upon Dr. H. J. MONTREAL

WILL make his first season in this State, (at the stable of the subscriber in the city of Frankfort) which will commence on the 10th of March, 1854. He was sired by Black Hawk, the fastest borse in Canada; his dam was a thorough bred Canadian mare; he can make his mile in a pace inside of three minutes, under the saddle or in harness. He will serve mares at \$10 to insure a mare to be in foal, to be paid when the fact is ascertained, or the mare traded off, or \$8 the season, to be paid at the expiration of the season. He is one of the finest shaped horses of the Canadian stock ever imported—a beautiful bright dapple grey, 15-hands and one-half inch high, six years old this Spring, and has finer bone and muscle than any other horse to be found.

#### THE CANADIAN CHIEFTAIN, SNOW-STORM.

THIS beautiful Stallion will stand the present season, which will expite on the 10th of July, at my farm, 8 miles from Frankfort and 3 miles from the Forks of Elkhorn, on the Frankfort and Georgetown turnpike road, at \$10 to insure a colt, to be paid when the lact is ascertained, or if the mare is disposed of before, the breeder to be responsible for the service. I will furnish rich pasturage to mares coming from a distance, gratis; or feed them with grain, if required, at a reasonable rate, without becoming flable for accidents or escapes, DESCRIPTION.

SNOW-STORM is now, (being nine years old.) a light dapple gray, with long flowing white mane and tail, is full 15 hands high, combining in an eminent degree symmetry and/power with speedy and easy paces. I consider him unsurpassed as a saddle horse, going all the gaits and carrying the rider at any with remarkable ease and speed. He is also a very superior harness horse, and goes at the rate of a mile in 3 minutes, trotting, and but httle slower pacing. A cross of such a horse upon the fine large blood mares of the county cannot fail to produce the perfection of the saddle and harness horse, and with fine going pony mares, the best and most useful hackneys.

wrote for information concerning mim:

"Graysville, KY., October 24, 1853.

I was at Nashville a few days since, and on enquiry, I find the grey horse CANADIAN CHIEF, is in high standidg there; said to be the best horse of his stock in the State, and the gentleman who imported him, says he could, when under good training, made his mile in 3 minutes, and he and his match both together in 3½ minutes; the latter considered the best, as it is very fast for two together; and Mr. Avery says he paid more for your horse than any horse he imported. He-says he drove him in a buggy 14 hundred miles, and he considers him the very best horse he ever drove.

THE BRITISH QUARTERLIES

# BLACKWOOD'S MAGAZINE.

LEONARD SCOTT & CO., Continue to Re-publish the following British Periodicals, &c.

The London Quarterly Review, Conservative. The Edinburgh Review, Whig.

The North British Review, Free Church. The Westminster Review, Liberal. Blackwood's Edinburgh Magazine, Tory.

THE present critical state of European affairs will THE present critical state of European affairs will render these publications unusually interesting during the year 1851. They will occupy a middle ground between the hastidy written news items, crude speculations, and the flying rumors of the daily Journals and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific, and theological character, we urge them upon the consideration of the eading public.

Arrangements are in progress for the receipt of early sheets from the British publishers, by which we shall be able to place all our Reprints in the hands of subscribers about as soon as they can be familished with the foreign copies. Although this will involve a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz:

For any one of the four Reviews, \$300 per ann.

For any one of the four Reviews, \$3 00 per ann. For any two do. 5 00 per "For any three do. 7 00 per "For all four of the Reviews, 8 00 per " For Blackwood's Magazine, 3 00 per 4. For Blackwood and three Reviews, 9 00 per 4. For Blackwood and the 4 Reviews, 10 00 per 4.

Payments to be made in all cases in advance. Money current in the State where issued will be received at par. CLUBBING.

A discount of twenty five per cent. from the above prices will be allowed to Clubs ordering four or more copies of any one or more of the above works. Thus. DR. URBAN'S VEGETABLE FEVER AND AGUE POWDERS:

The only sure remedy ear known for Chills and Fever, and warranted to care, in all cases, if taken

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill, very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used, It has superseded all other preparations wherever it has been introduced. Read what the Entiros of the Louisville Permocrat say from their own observation:

"Dr. Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own misst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weas and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than, at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated, medicine, and after taking two powders was efficienly relieved and restored to health. He has been well ever since—says his health he she been as good for several years, and is now last regaining his former vigor and the rosy cheeks he was wont to wear.

This medicine can be had at the manufacturers' Depot 65 Third Street, between Main and Market, Louisville, Kentucky, wholesale and tectail.
